San Li mira,

Colonel Wilberforce Bell, who is the Agent to the Governor General for the Deccan States and Resident at Kolhapur, has written to say that the administrative training of the minor Raje Sahib of Akalkot is under consideration, and that he would very much like the boy to undergo a course of training in the Mysore State similar to that undergone by other Ruling Princes and Chiefs, for a period of eighteen months or two years.

2. The minor Raje is about 17 years of age and was educated at the Rajkumar College, Rajkot, where he obtained a Diploma, and also at the Deccan College. For some time he has been living at home; and last February he married at Gwalior the daughter of the late Maharaja Scindia. About a

- 2 -

month after the marriage, a tragedy occurred in Akalkot, and the young Rani Saheba was killed.

3. Would you be so good as to let me know whether His Highness' Government would be prepared to afford facilities for the training of the Raje Sahib in the Mysore State ?

Yours sincerely

Dear Sir Mirza

Will you kindly refer to the correspondence ending with my demi-official letter No.C/2099/24-1934, dated the 19th April 1934.

Colonel Wilberforce Bell has asked me to convey his thanks and appreciation to His Highness' Government for so kindly offering to assist in the administrative training of the minor Raje Sahib of Akalkot. The Raje Sahib, accompanied by his tutor, is expected to arrive in Bangalore sometime in July. Rao Bahadur Pradhan, Adviser in the Akalkot State, will probably come to Bangalore at an early date in order to arrange accommodation for the Raje Sahib and his guardian; and I shall be most grateful if the Mysore Government will render him any assistance which lies in their power.

Dear Mr Ranga Rao

Thank you for your letter

I am glad the Police training is to be completed this week, but the amended programme indicated two weeks for this training & the Rani Sahib & Government Adviser were very anxious to have this period increased when the original programme was submitted which only allotted one week, as they were anxious owing to the situation & circumstances of the State that this particular part of his training should be as complete as possible.

Mr Hamilton. who I saw also advised that
the money should be for at least two weeks
Could you consider this & if possible arrange
for him to have ^{another} two weeks, either next week.

Dear Mr. Ranga Rao

The Rani Sahib of Akhnoor asked me to arrange if possible for the Raja Sahib to visit Akhnoor for about a fortnight at the time of the Christmas Holidays.

Could you let me know if it would cause any inconvenience to the Mysore Government, if he left on Saturday Dec 22nd & returned on Sunday the 6th^{Jan} in time to start work again on January 7th; Monday

This will of course involve a delay in the completion of his training, but no objection to the time allotted for his various courses.

I hope this arrangement will be satisfactory

Roc.1875/34-35.

Dear Sir,

In continuation of my No.Roc.1875/34-35/Hc.449 of the 26th January 1935, I write to inform you that the Raje Sahib of Akkalkot was shown in detail the work of the Chemical, Mycological and Botanical Sections of the Department during the first four days of this week. Besides, he was made acquainted with work going on in the Hebbal Farm and Serum Institute as well. So, there is nothing else for him to see either in the laboratories here or in the vicinity of Bangalore.

As he was very much interested in Sheep Breeding, it was suggested to him to go to Sabbanahalli and back on Monday the 4th instant. The place is about 60 miles from here. In case you decide that it is desirable for him to go there to see a flock of half-bred Merinos which is the result of 10 years' cross-breeding and selection, I shall ask Lt. Monteiro, the Live Stock Expert, to meet the Raje Sahib and go with him to the place.

As the flock is to be sheared on 5th instant, the visit cannot be postponed to a later date.

A line-in reply will enable me to make the arrangements needed.

Yours sincerely,

Dear Colonel Sarson,

I have just received from Dr. B. Narasimha Iyengar, Director of Agriculture, a copy of the letter addressed by him to you suggesting a visit to Sabbana-halli on Monday next. I wonder whether it will be convenient for the Raja Sahib to undertake this trip at such short notice.

I expected that the Director had arranged for some work during next week also for the Raja Sahib in or near Bangalore. In the circumstances, I shall fix up some other programme for the Raja Sahib for the next and succeeding week and intimate to you. He may be kindly requested to go over to the Secretariat on Monday next in case he is not going out.

Dear Col. Sarson,

In reply to your letter of to-day, I am desired to state that the training given to the Raje Sahib is practically on the same lines as that given to the other Princes and Chiefs that underwent administrative training here and in the opinion of this Government he will, on completion of the full programme of the training proposed, be in a position to undertake the administration of his State.

Regarding the period of the training, I am to state that the exact period over which it is spread has varied according to the time which each Prince or Chief could spare for the purpose and the breaks in the course of training by visits to their own States or other places in the State etc. I may say, however, that the period of nearly a year which the Raje Sahib is devoting to his training here will enable him to go through all the items of work relating to the normal activities of all the important departments of Government.

As desired by the Chief Secretary, I am sending a Programme* of Study for the Raja Saheb of Akkalkot in regard to educational work in the State. The Chief Secretary tells me that the Raja Saheb will be devoting two weeks for this work. You will perhaps remember that last year I sent a programme covering two weeks (Vide this office - letter No. G2.845-42 of 34-35 dated 31st August 1934) But that was in a part of the year when the schools were open, whereas it is now vacation time. Therefore I am sending now only a programme of study of the office details relating to the different aspects of educational work and also for consultation with the Departmental Officers. This will cover four days, and I shall be glad to arrange for visits to schools when they reopen after the summer holidays. That will be only after the third week of May.

I shall be away in Mysore on the first day the Raja Saheb will be coming to my office, but my Assistant will receive him and supply him with all information. I hope to have the pleasure of meeting the Raja Saheb on the following day.

Programme:

1. Study of General Administration - 1 day
2. Study of the working of the Office
of the School-Board-Officer 1 day
3. Study of Middle School Education - 1 day
4. Study of Management and work of High
Schools and Technical Schools - 1 day.

Yours sincerely,

My dear Ranga Rao,

I am writing to say that although we drafted a four days' programme for the Raja of Akalkot, we have been able to finish the work in three days alone so far as acquainting him with the policy of the Department - and the general line of the Educational work was concerned. Accordingly I have suggested that he need not come here tomorrow. As soon as the schools re-open I shall arrange for his visits to some schools of different types in the City as well as in the neighbourhood. Then when he has seen the schools for himself, I propose to ask him to come to the office once again so that he might ask us questions and check his impressions with me and my officers.

Yours sincerely,

Administrative Training of the Raje Saheb of Akkalkot

My dear Mr Heblikar

I am desired to inform you that it is considered that the one week's training in survey work that the Raje Saheb has undergone is quite sufficient for his requirement and that the remaining items of the programme may be dropped. He will not, therefore, be attending your department next week.

Yours sincerely

Administrative Training of the Raje Saheb of Akkalkot.

Dear Col. Larsson,

I understood from the Raje Saheb that ^{you consider} it is unnecessary for him to undergo the elaborate course of two weeks training in survey work proposed by the Director of Land Records and that the one week's training already put in is quite sufficient. I have accordingly written to the Director of Land Records to drop the remaining items. As schools have reopened after the vacation, I have asked the Director of Public Instruction to arrange for visits to school and other items of work still remaining to be studied in that Dept. from Monday next.

Copy of letter addressed to the Director of Public Instruction is enclosed for information.

Yours sincerely

I forward herewith for your information copies of letters addressed by me to-day to the Director of Health and the Chief Commandant, Mysore State Troops in regard to the study of the work of the Public Health and Military Departments by the Raje Sahib.

After the training in the above two departments the Raje Sahib will have practically finished the course of study of the various departments in the State. Though four weeks had been allotted for Secretariat training in the original programme, it was found that two weeks of continuous study in the latter half of June was sufficient for the purpose in view of the fact that the Raje Sahib had been attending the Secretariat previously for one or two days every week. It is also perhaps unnecessary for him to have any special course of training in the work of the Local Self Government Institutions.
